

Anoo Brod

Intuitive

Anoo is an Intuitive, Life Coach, Reiki Master and professional improviser. Her readings tend to be a combination of channeling, life coaching and spiritual and emotional counseling, depending on what the client needs. In some sessions an abundance of information comes through for the client providing insight, comfort, direction and practical guidance. In other sessions the sacred space that is created with prayer at the opening of the session allows for deeply held emotions to come to the surface to be healed and released.

She sees her job as being an open and intuitive channel so that she can use her sensitivity to create what most needs to happen in the moment for the client's highest good and the greatest joy of all!

Her opening prayer invokes the energies of the Angels, Nature Spirits, Masters and the highest-level Guides. She then uses her Angel or Fairie Oracle Card deck as a tool to gather more information. Her intention is to help connect the client to their deepest, truest Self. This is Anoo's heart's work and she is thrilled to use her intuitive gifts in service of others and the Earth.
